Zionist Israeli Aggressors Hands Off Palestine!

The massive massacre of innocent Palestinian Arabs in the Gaza strip perpetuated by the Zionist Israeli forces led by reactionary Netanyahu regime and supported by the US imperialism has aroused the anger and hatred of the people of the world against the Zionist Israeli regime and its US imperialist masters across the globe.

Utilising the situation of chaos in Iraq, Syria and the reconciliation move of the reactionary Iranian regime towards the US imperialism, the Israeli aggressors bombed Gaza strip killing more than 200 people and have launched the land assault with its reserve troops.

The Palestinian people will not absorb this humiliation silently, the Palestinian people with rich revolutionary heritage will certainly unite against the aggressor enemy and escalate their liberation struggle to a new height. No United Nations or other governments of western imperialist nations will come to rescue the people of Palestine.

Chairman Mao said *“The oppressed peoples and nations must not pin their hopes for liberation on the “sensibleness” of imperialism and its lackeys. They will only triumph by strengthening their unity and persevering in their struggle.”*

Chairman Mao also taught us that a small power can defeat a bigger one, and relying upon the people of Palestine and by intensifying the struggle against aggressors of Israel the Palestinian liberation struggle will definitely reach new heights and dig the grave of US imperialism and its running dogs Netanyahu—Perez and Co. in the deserts of the Arab peninsula.

Israeli aggressors hands off Palestine!

Fight and Smash The Nefarious Schemes of The Fascist Modi Regime

The predatory budgets, both railway and union budget, presented by the fascist BJP led NDA government headed by Narendra Modi are clear show piece of this fascist regimes loyalty to imperialist finance capital and its determination to advance the plans and programmes of liberalisation and disinvestments that the previous reactionary Congress government has set into motion.

The anti people measures like furthering the disinvestment plans, de-regularising of diesel prices, cutting off of LPG cylinder supply at subsidised rates, increasing of FDI cap in the defence and the insurance sector, the proposals to set up further SEZ's and in that process acquire the fertile lands of peasant masses and the so called “reforms” of the existing labour laws to bring back draconian working conditions for the working class and office employees are the clear signs of the loyalty of this fascist regime towards imperialist finance capital, the Indian comprador bourgeoisie and their feudal landlord allies.

For Modi & Co, the scab of US imperialism and Indian comprador bourgeoisie this may be the pay back time as his masters have sponsored the election campaign of multi billion rupees, however the assault on the working class and the peasantry will

not go unanswered. The rising discontent of the people may be temporarily diverted by the ruling classes with the active cooperation of their revisionist stooges, but ultimately the people and the wave of mass insurrections against all forms of exploitations cannot be curbed.

The reactionary government of Modi is fully aware of the same and hence using their old trick of igniting communal tensions and widening the sectarian division among the toiled masses the BJP government and its master the US imperialism and the Indian feudal lords and comprador bourgeoisie will seek some breathing space for themselves.

The befitting reply to these fascist monsters can be only given by strengthening the armed agrarian revolution, the principal axis of the people's democratic revolution of India.

Only by building up the peasants alternative government—revolutionary committees in the countryside under the leadership of the poor and landless peasantry by overthrowing feudal rule and by intensifying the people's war we can defeat the fascist schemes of the BJP led NDA government.

Let us boldly march towards that path under the leadership of the CPI (M-L).

intolerant to even the simple non violent struggles of the people, which they themselves prefer to save their skin.

The revolutionary working class and peasantry of the country will not absorb any humiliation from the ruling class in this very era of Chairman Mao Tse-tung, the era in which imperialism is heading towards total collapse and socialism is marching towards worldwide victory. The people of the country will avenge these murders of their compatriots by intensifying the struggle against the perpetrators of these heinous crimes, the feudal landlords, the comprador bourgeoisie class and their master the US imperialism led world imperialism.

Only under the leadership of the CPI (M-L) which is valiantly led by the great class leadership with Comrade Manik at its core under the banner of the accurate politics of respected leader Comrade Charu Mazumdar and the accurate line of leader of heart respected Comrade Mahadev Mukherjee the people can avenge the killings by overthrowing the feudal rule in the countryside and by establishing the peasant's government revolutionary committees. This is the only path of the liberation of the people which can hasten the doom of the reactionary forces.

Palestine: Infitada Developing To People's War

The struggle of the Palestinian people against the Zionist Israeli aggressors has intensified in the recent days, and despite the complete censoring of the Palestine resistance news by the US imperialist sponsored global bourgeoisie media the news of the resistance is coming from Palestine.

We came across the news that the left wing Popular Front for the Liberation of Palestine has intensified guerilla campaigns in the occupied territories of Gaza and the guerillas are determined to turn the struggle into a massive people's war to ensure that the Zionist Israeli aggressors and the US imperialist forces are burnt to death in the flames of people's war.

The PFLP and other revolutionary forces has recently launched heaviest assault on the enemy forces of the Zionist Israeli aggressors.

Chairman Mao Tse-tung has taught us that a small power can defeat a big one. The people of Palestine are showing us that very truth, following the legacy of the people of Vietnam, Algeria, Iraq the Palestinian people will definitely hasten the doom of the Zionist Israeli aggressors and their US imperialist masters.

In Memory Of Martyrs—Respected leader Com. Charu Mazumdar

AT midnight of 4th and 5th August the police captured Comrade Saroj Dutta and on that very night shot him dead secretly.

Chairman has said: "It is not hard for one to do a bit of good. What is hard is to do good all one's life and never do anything bad, to act consistently in the interests of the broad

masses, the young people and the revolution, and to engage in arduous struggle for decades on end. That is the hardest thing of all!" Comrade Saroj Dutta was such a comrade and his entire life was spent in working for the revolution.

There is no reactionary force which did not fear his pen which was as sharp as a razor. That is why the police force did not even dare enact the farce of a trial, they murdered him on that night itself.

Like all reactionary powers of the world the Indian Government and its accomplices - all the reactionary and revisionist parties-want to arrest the march of revolution by resorting to mass murders on a wide scale. In the Cossipore-Baranagar area they unitedly entered into a conspiracy and murdered over a hundred youths. The police and the goondas who committed the murders were engaged for the purpose by all those

rogues who, in the name of restoring "Law and Order", were holding conferences with a view to preserving this man-eating system and uniting against the revolutionaries. Today when their mask is falling off their face before the people, when it is no longer difficult for the people to recognise the blood-stained hand of the murderers, they have come forward to show sympathy for the murdered revolutionary youths to hide their devilry. They executed the same conspiracy in Barasat and Uttarpara.

The orgy of murder in which they indulged in the Cossipore and Baranagar area has surpassed all previous records of their demoniac acts.

In jails also they are killing revolutionary cadres by opening fire on prisoners or lathi-charging them. They are thinking that in this way they will be able to arrest the progress of revolution. In South Vietnam the Diem clique wanted to stop the onward march of revolution by carrying on killings in this manner. The result is, the strength of the National Liberation Front has increased and it has defeated the American aggressors repeatedly. In India this killing will rouse the anger and hatred of men and a new India will be built on the destruction of the murderous system—this is the law of history. The reactionaries will have to repay in blood the blood debt that each act of murder

accumulates.

Comrade Saroj Dutta was a leader of the Party and he died a hero's death befitting a leader. His revolutionary steadfastness should serve as a model for youths. Overcoming all weaknesses, the youths will have to take to the path of revolution more resolutely and avenge these killings by integrating themselves with the workers and poor and landless peasants.

Writing of Authority

To The Comrades

—Leader of heart respected Com. **Mahadev Mukherjee**

Beloved Comrades,

The historic 28th July is the martyr day of respected leader Comrade Charu Mazumdar. On this very day the monsters murdered the apple of our eyes, the successful implementer of Chairman Mao Tse-tung's Thought - Vice Chairman Comrade Lin Piao's Theory of People's War - respected leader Comrade Charu Mazumdar, and they were conspiring for this murder since a long time.

Therefore, in order to avenge the murders of respected leader Comrade Charu Mazumdar, leader of the party respected Comrade Saroj Dutta and thousands of other martyrs the conscious role of the very party personally built by respected leader Comrade Charu Mazumdar needs to be applied correctly.

In order to play the conscious role of the party it is imperative to strengthen the party.

However, the way the political and organisational outline of the party was delivered by respected leader Comrade Charu Mazumdar and was observed by the martyrs of the past is not only in shortage at present but missing

The reactionary fascist elements instigated a riot in the town of Vado-dara on July 20th, by July 27th the fascist BJP and its allies kindled the flames of communal riots in Sahranpur of western Uttar Pradesh that led to 3 deaths and numerous injuries.

On the other hand in order to protect its ally the Zionist Israel the fascist BJP government's CRPF opened fire on 19th July in Kulgam, Kashmir on a rally against the aggression of the Zionist Israel on Palestine and the massacres. The police firing in Kashmir is first of its kind at a time when the people around the world are holding large demonstrations and protest rallies against the barbaric assault of the Zionist Israeli state sponsored by US imperialism on Gaza strip of Palestine and in support of Palestinian resistance struggle against the aggression. No reactionary government anywhere else on earth has dared to fire upon the people opposing against the ghastly deeds of the Zionist Israeli state and its US imperialist master. The fascist BJP government showed its true colour and loyalty to its ally the Zionist Israeli regime and its master the US imperialism by firing upon unarmed civilians.

A fifteen year old teenager, Suhail Ahmed Mir martyred during the CRPF firing and this triggered waves of protests by the people of the Kashmir valley against state terrorism. The revolutionary and progressive forces

around the world deeply condemned this incident.

The CPI (M-L) leadership, with Comrade Manik at its core expressed deep hatred against the class enemies and their brutal oppression and openly declared that by extending the flames of armed agrarian revolution the Party will avenge such brutal murders of children, that matches only the brutality of the Zionist Israeli regime and its chief ideologue fascist Hitler's massacres.

In Madanpur village of Aurangabad district of Bihar the police forces molested women during a so called combing operation on the night of 19th July. On the 20th July the poor and landless peasantry of Madanpur started a protest movement against the reactionary police force of the reactionary Janta Dal (U) government of Nitish Kumar. The panic stricken reactionary police force opened fire on the protesting villagers and this resulted in the martyrdom of one peasant woman and a twelve year old child.

This barbaric assault on the peasants of Bihar was the second one in the month of July, Two people were murdered and seven were injured by the reactionary forces on 8th July in Rohtas district.

These incidents clearly shows that the ruling classes of the country and their imperialist masters have turned into reckless panic stricken killers who are

Why do the anti-authoritarians not confine themselves to crying out against political authority, the state? All Socialists are agreed that the political state, and with it political authority, will disappear as a result of the coming social revolution, that is, that public functions will lose their political character and will be transformed into the simple administrative functions of watching over the true interests of society. But the anti-authoritarians demand that the political state be abolished at one stroke, even before the social conditions that gave birth to it have been destroyed. They demand that the first act of the social revolution shall be the abolition of authority. Have these gentlemen ever seen a revolution? A revolution is certainly the most authoritarian thing there is; it is the act whereby one part of the population imposes its will upon the other part by means of rifles, bayonets and cannon — authoritarian means, if such there be at all; and if the victorious party does not want to have fought in vain, it must maintain this rule by means of the terror which its arms inspire in the reactionists. Would the Paris Commune have lasted a single day if it had not made use of this authority of the armed people against the bourgeois? Should we not, on the contrary, reproach it for not having used it freely enough?

Therefore, either one of two things: either the anti-authoritarians don't know what they're talking about, in which case they are creating nothing but confusion; or they do know, and in that case they are betraying the movement of the proletariat. In either case they serve the reaction.

National News

Avenge The Brutal Murders Carried On By The Reactionary Ruling Classes Across The Country

The reactionary ruling classes of India represented by the communal fascist BJP has instigated communal hatred and riots in different parts of the country on one hand and have started a series of murders along with its reactionary allies all across the country.

In the recent days the communal fascist BJP has instigated communal riots in Uttar Pradesh and Gujarat with a clear intention to murder the people and fracture the unity among the people. With the nefarious designs hatched by the Modi—Amit Shah—Rajnath clique the fascist saffron brigade, inspired by its partner the Zionist Israeli aggression on Palestine has ushered a series of violent communal carnages starting from Vadodara of Gujarat to Sahranpur of Uttar Pradesh.

altogether. At present there is no more secret organisation at all. Does this look good for a revolutionary party? Due to this party units are not built. The concept of the party is gradually disappearing from mind. Why did the secret organisation get scattered like this? Is it because of the lack of revolutionary zeal to build revolutionary organisation? Or because of the tendency to part way from difficult tasks and struggle due to immense accumulation of self interest within us? Lack of courage, the lack of the mentality to face all hardships in the past is felt more strongly at present. Difficulties are to be surmounted, the condition of the enemy and our own conditions are to be analysed and according to that the plan of action and tactics are to be developed, there is a huge deficit of this now.

Therefore, it is necessary to build up the political and organisational outline of the party correctly.

The Theory of People's War of Vice Chairman Comrade Lin Piao, i.e the theory of consolidating the strength of the party in the countryside and then seizing the cities needs to be grasped and the People's Army, the focus of our strength in the countryside, needs to be built. Regarding building of People's Army what I want to say is that the People's Army that respected leader Comrade Charu Mazumdar had built, at present the

People's Army is not there in that proper spirit, therefore, we have to build up the People's Army following the ray of the politics of respected leader Comrade Charu Mazumdar from the outlook of Magurjaan. The Revolutionary Committees that we have built has not yet got the proper shape till now. If we could build up Revolutionary Committees then could those monsters dare to conspire against and murder the Chairman of the Revolutionary Committee immortal martyr Comrade Tarak Sardar? Because, then they could

have seen the powerful People's Army is beside the Revolutionary Committee, and the Revolutionary Committee filled with the spirit of struggle.

Though those monsters are scared of the Revolutionary Committees. As they know the Revolutionary Committee is a lethal weapon against them. Therefore, they have killed today the Chairman of the Revolutionary Committee.

Therefore the Revolutionary Committee needs to be filled with revolutionary and struggling spirit and should be freed from economist and showist trends. The party needs to be filled with more spirit of struggle.

Respected leader Comrade Charu Mazumdar taught us: "If the party is alive the struggle will happen and the struggle will of course rise to developed stages." Regarding keeping the party alive he meant strengthening the

party. Because he himself said : "The manner in which the struggle is progressing under the leadership of our party then if calculated our country will not be liberated even in 2001, forget 75." - Come let us strengthen the party in the similar manner as respected leader Comrade Charu Mazumdar wanted to by hammering at the target by saying the above statement. Then the struggle will grow strong. Then and there only we will be able to comprehend and observe the countrywide insurrection. Then only we will be able to commemorate the martyr day of immortal martyr respected leader Comrade Charu Mazumdar correctly.

Therefore, the pledge of historic 28th July be - come, let us transform our grief into hatred and plunge into the struggle by overcoming all weaknesses. Smashing the revisionism within and outside, that is hammering the party too much at present, let us firmly grasp and by mastering Chairman Mao Tse-tung's Thought - The Theory of People's War of Vice Chairman Comrade Lin Piao and the politics of respected leader Comrade Charu Mazumdar, holding high the banner of internationalism - the banner of the Great Proletarian Cultural Revolution, strengthening the party with revolutionary leadership, which is strongly connected with the peasant leadership, let us march ahead on the path of liberating the world by liberating India by building up Revolu-

tionary Committees and the People's Army in the correct sense.

Accept my red salute.

With Revolutionary Greetings

Obituary

Commemorating The Historic 28th July and 5th August Martyr Days

While commemorating the historic 28th July we are bound to recall the history. 1967 to 1972, in these few years the Communist movement of India started a new journey through a new path. We are the inheritors and partners of the same.

Leader of heart respected Comrade Mahadev Mukherjee taught us that in 1967 respected leader Comrade Charu Mazumdar has personally created the invincible Naxalbari. The United Front government was in power at that time and the chieftain of that government was the home minister Jyoti Bose, the agent of imperialism in disguise of a communist.

They tried to curb the peasant's struggle of Naxalbari by killing peasants and women but they failed miserably. The struggle of Naxalbari expanded across all corners of India, and the name of Naxalbari is still shining in the

itself, to destroy the power loom in order to return to the spinning wheel.

Let us take another example — the railway. Here too the co-operation of an infinite number of individuals is absolutely necessary, and this co-operation must be practised during precisely fixed hours so that no accidents may happen. Here, too, the first condition of the job is a dominant will that settles all subordinate questions, whether this will is represented by a single delegate or a committee charged with the execution of the resolutions of the majority of persona interested. In either case there is a very pronounced authority. Moreover, what would happen to the first train dispatched if the authority of the railway employees over the Hon. passengers were abolished?

But the necessity of authority, and of imperious authority at that, will nowhere be found more evident than on board a ship on the high seas. There, in time of danger, the lives of all depend on the instantaneous and absolute obedience of all to the will of one.

When I submitted arguments like these to the most rabid anti-authoritarians, the only answer they were able to give me was the following: Yes, that's true, but there it is not the case of authority which we confer on our delegates, but of a commission entrusted! These gentlemen

think that when they have changed the names of things they have changed the things themselves. This is how these profound thinkers mock at the whole world.

We have thus seen that, on the one hand, a certain authority, no matter how delegated, and, on the other hand, a certain subordination, are things which, independently of all social organisation, are imposed upon us together with the material conditions under which we produce and make products circulate.

We have seen, besides, that the material conditions of production and circulation inevitably develop with large-scale industry and large-scale agriculture, and increasingly tend to enlarge the scope of this authority. Hence it is absurd to speak of the principle of authority as being absolutely evil, and of the principle of autonomy as being absolutely good. Authority and autonomy are relative things whose spheres vary with the various phases of the development of society. If the autonomists confined themselves to saying that the social organisation of the future would restrict authority solely to the limits within which the conditions of production render it inevitable, we could understand each other; but they are blind to all facts that make the thing necessary and they passionately fight the world.

but relentlessly put in the place of the small proprietors big capitalists, who with the aid of hired workers cultivate vast stretches of land.

Everywhere combined action, the complication of processes dependent upon each other, displaces independent action by individuals. But whoever mentions combined action speaks of organisation; now, is it possible to have organisation without authority?

Supposing a social revolution dethroned the capitalists, who now exercise their authority over the production and circulation of wealth. Supposing, to adopt entirely the point of view of the anti-authoritarians, that the land and the instruments of labour had become the collective property of the workers who use them. Will authority have disappeared, or will it only have changed its form? Let us see.

Let us take by way of example a cotton spinning mill. The cotton must pass through at least six successive operations before it is reduced to the state of thread, and these operations take place for the most part in different rooms. Furthermore, keeping the machines going requires an engineer to look after the steam engine, mechanics to make the current repairs, and many other labourers whose business it is to transfer the products from one room to another, and so

forth. All these workers, men, women and children, are obliged to begin and finish their work at the hours fixed by the authority of the steam, which cares nothing for individual autonomy. The workers must, therefore, first come to an understanding on the hours of work; and these hours, once they are fixed, must be observed by all, without any exception. Thereafter particular questions arise in each room and at every moment concerning the mode of production, distribution of material, etc., which must be settled by decision of a delegate placed at the head of each branch of labour or, if possible, by a majority vote, the will of the single individual will always have to subordinate itself, which means that questions are settled in an authoritarian way. The automatic machinery of the big factory is much more despotic than the small capitalists who employ workers ever have been. At least with regard to the hours of work one may write upon the portals of these factories: *Lasciate ogni autonomia, voi che entrate!* [Leave, ye that enter in, all autonomy behind!]

If man, by dint of his knowledge and inventive genius, has subdued the forces of nature, the latter avenge themselves upon him by subjecting him, in so far as he employs them, to a veritable despotism independent of all social organisation. Wanting to abolish authority in large-scale industry is tantamount to wanting to abolish industry

pages of the world history. At that time, those who opposed Naxalbari are still benefitting themselves using the name of Naxalbari and by acting as a stooge of the oppressor classes. On the other hand, unmasking the fake naxals the real proletarian class is still in the war field.

In the year 1969, respected leader Comrade Charu Mazumdar personally built the great glorious and accurate revolutionary party – the CPI (M-L). The real revolutionaries of India united to turn Naxalbari into a prairie fire. Historic student movement ushered in Calcutta, thousands upon thousands of young students farther extended the struggle of Naxalbari by overcoming careerism and kicking off the bourgeoisie education system and leaving their respective homes. In order to extend the armed agrarian revolution numerous youth laid down their lives. Also on the other hand by taking the lives of the class enemies they created panic among the reactionaries and the swindler “Marxists.” The same panic exists even at present.

Through the incident of the peasants seizing rifles in Magurjaan, respected leader Comrade Charu Mazumdar declared the formation of the People’s Army. The great People’s Army is proving its existence in different corners. The vast liberated zone was formed in Srikakulam of Andhra Pradesh. Respected leader Comrade

Charu Mazumdar personally kindled the flames of guerrilla war following the Theory of People’s War of Vice Chairman Comrade Lin Piao.

In the month of May 1970 the First (Eighth) Party Congress was organised and the complete programme and constitution of the party was adopted.

Respected leader Comrade Charu Mazumdar unanimously became the helmsman of the party and leader of the party respected Comrade Saroj Dutta became his close comrade in arms. The crooks within the Party were jealous as they could not grasp any leadership role in the revolutionary party. They conspired and first compromised leader of the party respected Comrade Saroj Dutta to the reactionary police forces. On the midnight of 4/5th August 1971 the police under the direction of the ruling class murdered leader of the party respected Comrade Saroj Dutta. The scoundrel revisionist swindler “Marxists” were a party of this conspiracy, and hence after several years they still hush up regarding this very murder.

Next was 28th July of 1972. Regarding this very day, our leader of heart respected Comrade Mahadev Mukherjee said after correctly analysing: “Respected leader Comrade Charu Mazumdar has martyred. This is an irrevocable loss for us. We could not protect him. On the other hand he has martyred as per the requirement of history itself.”

Within the duration of the few years ranging from 1967 to 1972 respected leader Comrade Charu Mazumdar shook the world. We did lost respected leader Comrade Charu Mazumdar, however his contributions will always shine in the arsenal of the Communist movement as very specific revolutionary line and guidance. This is the very reason that leader of heart respected Comrade Mahadev Mukherjee correctly placed the slogan after the martyrdom of respected leader Comrade Charu Mazumdar: "Respected leader Comrade Charu Mazumdar is alive. He is alive within the very CPI (M-L) personally built by him, he is alive among the people."

Therefore, at present, the martyr days of respected leader Comrade Charu Mazumdar and leader of the party respected Comrade Saroj Dutta are observed with much respect by the revolutionaries around the world, and they will continue to do so. They have still done more thorough researches in understanding the deep significance of the martyrdom of respected leader Comrade Charu Mazumdar and leader of the Party respected Comrade Saroj Dutta, and we are eager to learn from them so that we can march ahead on new paths of revolutionary practice.

Revolutionaries from different corners of the world are supporting this very revolutionary party of respected

leader Comrade Charu Mazumdar. We offer millions of red greetings to them for the heroic struggles waged by them in their own countries.

We conclude this obituary with the historic quote of leader of heart respected Comrade Mahadev Mukherjee: ***"Come on Comrades, let us realise victory, and with our last drop of blood let us make successful the vision of respected leader Comrade Charu Mazumdar."***

Long Live The Historic 28th July – 5th August.

The CPI (M-L) strongly oppose the attempt of the fascist communal BJP government, the stooge of the US imperialism, to hike the limit of FDI in insurance from 26% to 49%. The CPI (M-L), led by the great class leadership with Comrade Manik at its core supports the glorious struggle waged by the insurance employees across the nation and extends its revolutionary greetings and solidarity to the employees of insurance sector fighting against the loot and plunder of imperialist capital.

Writing of Authority

ON AUTHORITY—Great Comrade Engels

[The following article of Great Comrade Frederick Engels is taken from Marx Engels Collected Works, Progress Publisher, Moscow Volume 23. The article was written against the anarchist and opportunist trends within the proletarian movement that denied authority, mostly revolutionary authority and advocated anarchism. On the occasion of the martyr day of great Comrade Engels on 5th August we are republishing this article of our great leader and teacher.—Liberation]

A number of Socialists have latterly launched a regular crusade against what they call the principle of authority. It suffices to tell them that this or that act is authoritarian for it to be condemned. This summary mode of procedure is being abused to such an extent that it has become necessary to look into the matter somewhat more closely.

Authority, in the sense in which the word is used here, means: the imposition of the will of another upon ours; on the other hand, authority presupposes subordination. Now,

since these two words sound bad, and the relationship which they represent is disagreeable to the subordinated party, the question is to ascertain whether there is any way of dispensing with it, whether — given the conditions of present-day society — we could not create another social system, in which this authority would be given no scope any longer, and would consequently have to disappear.

On examining the economic, industrial and agricultural conditions which form the basis of present-day bourgeois society, we find that they tend more and more to replace isolated action by combined action of individuals. Modern industry, with its big factories and mills, where hundreds of workers supervise complicated machines driven by steam, has superseded the small workshops of the separate producers; the carriages and wagons of the highways have become substituted by railway trains, just as the small schooners and sailing feluccas have been by steam-boats. Even agriculture falls increasingly under the dominion of the machine and of steam, which slowly
